

FREE VS PRO

Choose the actor plan that fits your *audition workflow*.

Every actor account includes profile creation, audition discovery, and submissions. Pro expands your media capacity and unlocks the deeper profile, conflict, and resume tools that help you stay ready across multiple opportunities.

Why actors move to Pro

MORE MEDIA

Expand from 1 to 10 headshots, resumes, and audition videos so you can tailor materials to different roles.

RICHER PROFILE

Unlock advanced profile fields including union status, vocal ranges, measurements, bio, and special skills.

FASTER SUBMISSIONS

Maintain a persistent conflict calendar and auto-sync those conflicts into auditions.

RESUME WORKFLOW

Build acting, technical, education, and awards sections and generate a resume from your profile data.

Feature Comparison

Definitive product features based on the current MasterCast actor profile and billing implementation.

FEATURE	FREE	PRO	WHAT IT MEANS
Basic actor profile	Included	Included	Create a profile with core contact and location details so companies can identify and review you.
Browse audition listings	Included	Included	Search and review available audition opportunities from casting companies.

FEATURE	FREE	PRO	WHAT IT MEANS
Submit to open auditions	Included	Included	Apply to roles using your current profile, uploaded materials, and audition-specific answers.
Per-audition conflict entry	Included	Included	Enter conflicts for a single audition when submitting, even if you do not keep a long-term calendar.
Headshots	Up to 1	Up to 10	Store multiple looks for different roles and designate the best primary image for casting review.
Resumes (PDF uploads)	Up to 1	Up to 10	Keep multiple resume versions available instead of swapping a single document in and out.
Audition videos	Up to 1	Up to 10	Upload reusable video materials for different vocal, acting, or role-specific needs.
Resume generation	Not included	Included	Generate a resume from profile content instead of relying only on manual PDF uploads.
Advanced profile fields	Not included	Included	Unlock bio, union status, ethnicity, vocal ranges, dance ability, measurements, website, and other detailed casting fields.
Special skills	Not included	Included	Show standout capabilities that can help you surface for specific roles or production needs.
Experience, education, awards	Not included	Included	Maintain acting and technical experience plus education and awards directly in your profile.
Persistent conflict calendar	Not included	Included	Keep a reusable conflict calendar on your account instead of re-entering

FEATURE	FREE	PRO	WHAT IT MEANS
			recurring dates for every audition.
Auto-sync profile conflicts to auditions	Not included	Included	Carry saved conflict data into audition workflows automatically to reduce repeat entry and missed dates.

Best Fit for Free

- Actors building a first MasterCast profile.
- Actors applying occasionally with a single set of materials.
- Anyone who only needs core audition discovery and submission tools.

Best Fit for Pro

- Actors juggling multiple roles, resumes, and video packages.
- Performers who want a richer, more searchable professional profile.
- Actors who need long-term conflict management and generated resumes.
